

Declaration concerning use of data

We are convinced that your experiences are too useful for other students to simply "get dusty on the filling shelves."
You can support other students with your information during their preparation and realisation of their internship abroad by sharing your report.

With your agreement, we would like to publish your experience report in a password protected area in the WWW (Forum Interns on the Net) for other participants and give them the possibility to get in contact with you via email.

Please confirm with your signature, that we can use your data in the way as mentioned above.

Thank you very much in advance!

I agree with (please mark with a cross)

- £ publishing my experience report in a password protected area including my name and email-address: _____
- £ publishing my experience report in a password protected area including my name
- £ publishing my experience report in a password protected area anonymously
- £ I do not agree with publishing my experience report

surname, name

date, signature
